# LowWay

**Going from point A to point B
has never offered so many possibilities!**

*LowWay is an app that offers its users to find among
a wide range of proposals the best route in terms of
compromise between time and cost.*

A project divided into 6 parts:

Android   Data Base   Client/Server   Algorithm and Graphs   Economics and Social sciences   Testing and Integration

Group 7.4
**Barthélemy BULTEAU, Apolline ISAIA, Mathis DUPONT,
Tristan PERROT, Paul MAUDUIT, Bruno KALFA**
